RECENT OPERATIONS

VERBUM SAT SAPIENTU!
And I believe you are right. It is something less than a year now before we go to the polls to elect a group of state and county officers. Anyway I would like to get in this word of advice before that time—choose your man and make your selection carefully. Before you mark your ballot. When candidates get you cornered and start throwing "sempiternal verba" at you be "sempiternal" to disseminate them and make sure you will not be done otherwise "nota bene" the fact that you will get a lot of trouble after election.

During the past few days I have seen a bunch of workmen with a flock of gadgets on Comer's highway. They were measuring the road and that way and I have an idea that within a few months that something is going to be done about rebuilding that terrible stretch of highway.

V. C. Denton and Lou Betner are going to be minus a lot of fishing equipment in a few days. The winners in the fishing contests will walk away with around \$100 in cash. It looks like the contest. Bert Gantt has first prize at Denton's and Jones Spomer comes in second. At Belle Glade, it is not going to be so easy to decide who will get first prize. Maybe next week's edition will tell the tale.

John Pickett, who has served Pahokee as superintendent of streets, handed in his resignation to the town council on August 1, effective Aug. 19. Mr. Pickett has not made public his future intentions but will take 10 days off next week and an announcement will be forthcoming from him. John has been on the job out for the city while the sidewalks are going in and will be available during the next few weeks while they are being finished. He said, if his services are needed at any time.

A little shower of rain after-noon put a little pep in the farmers of this section. The rainfall this year is off about 20 inches compared to last year's recordings. Already farming machinery is beginning to roll from the many supply houses and growers are concentrating efforts on getting around ready for early fall planting.

The Legion boys in Pahokee are planning an unusual affair at the Legion pavilion. The dance is scheduled to start at midnight Sunday, Sept. 1, and the boys are anxious that a large crowd be in attendance. Your friends will be there. The dredge dredge has been visited this week by many boys. They have not had opportunity to see a suction dredge in operation. Capt. John H. Baker, the chap who will show you a royal time while on the dredge. Ask passily he is interested when out of town visitors pay him a call.

It is just a matter of days now until the school bell rings. Boys and girls in the Glades who have enjoyed a wonderful summer vacation will probably be ready to go back to work. The Glades school will be headed by corps of teachers who will do everything in their power to make the coming year a successful one.

DR. R. F. FLETCHER MOVES TO PAHOKEE

Dr. R. F. Fletcher, who purchased the Pioneer Drug company several months ago from H. B. Brannan, moved his family to Pahokee this week from Okeechobee. Dr. Fletcher and his family are living in one of the Al-Cure houses on Bacon Point road.

LEGION TO HAVE OFFICIAL PAPER

Meeting in special session at Gainesville last Sunday the executive committee of the Department of Florida approved a resolution providing for an official publication of the Florida department to be known as the Florida Legionaire. With some amendments to the original resolution as drawn up at the state convention, the executive committee approved the plan and instructed that arrangements be made to launch the publication upon completion of preliminary details. The publication will be semi-monthly.

HOMESTEAD EXEMPTION IS CAUSE OF DIFFERENT OPINIONS

TAMPA, Aug. 22 (FNS)—Despite the instructions issued to all boards of county commissioners last week by state comptroller J. M. Lee that tax levies for general county and district bonds should not be spread against exempt homesteads, it is probable that at least one board will ignore the instructions. The comptroller's office has been set up by boards taking the opinion of their attorneys who have issued the contrary opinion and contend that such levies must be made against homesteads.

For the coming year, under the new scale, maximum salaries will be \$1,350 for the college graduate at the close of five years of experience and \$1,170 for the normal school graduate at the end of six years. Following is the schedule with the last year's salaries for the same classification in parentheses: Four-year college graduates: No experience, \$900 (\$800); one year, \$950 (\$850); two years, \$1,000 (\$900); three years, \$1,050 (\$950); four years, \$1,100 (\$1,000); five years, \$1,150 (\$1,050); six years, \$1,200 (\$1,100); seven years, \$1,250 (\$1,150); eight years, \$1,300 (\$1,200); nine years, \$1,350 (\$1,250); ten years, \$1,400 (\$1,300).

Two-year normal school graduates: No experience, \$800 (\$700); one year, \$850 (\$750); two years, \$900 (\$800); three years, \$950 (\$850); four years, \$1,000 (\$900); five years, \$1,050 (\$950); six years, \$1,100 (\$1,000); seven years, \$1,150 (\$1,050); eight years, \$1,200 (\$1,100); nine years, \$1,250 (\$1,150); ten years, \$1,300 (\$1,200).

President on Radio To Address Nation On Saturday Night

WASHINGTON, Aug. 22—A presidential address to the nation, embracing opportunities for a recounting of his stewardship today was scheduled for next Saturday night. He will appear on the Florida radio standard time, to address the Young Democratic clubs of America meeting in Milwaukee. Informed quarters looked for the chief executive to use the occasion to review the work of the session, probably touch on his ideas for the future and possibly give his comparison of present and past conditions. Those close to the White House questioned whether the president would make any specific reply to attacks of his opponents. Such a step, they said, might well be reserved until the president travels west in September to meet the California Pacific exposition at San Diego.

SANTÉE FAMILY BACK FROM TRIP

Mr. and Mrs. Claude T. Santée are at home in Canal Point after spending the past six weeks on vacation in northern and central states where they visited friends and relatives. The Santées covered 6,500 miles by motor on the trip and report a delightful vacation.

Mr. Santée, being an Everglades farmer, was naturally interested in the farming operations in the central states. He mentioned the fact that the corn crop in Indiana and Illinois was badly in need of rain and that the wheat crop was short on account of the heavy weather. A short crop of hay was raised and that the wheat crop was short on account of the heavy weather. A short crop of hay was raised and that the wheat crop was short on account of the heavy weather.

"We folks who live here in the Lake region don't know what hard times are," Mr. Santée said, "if you could visit some of the agricultural areas and see what a wholesale disaster is in favor of returning to the Everglades immediately."
